## HOYAWORKS REALLY WORKS!

Find every type of job you could ever think of at [seo.georgetown.edu](http://seo.georgetown.edu). On-campus, off-campus, Federal Work Study, everything's there!

## PROFESSORS WORK FOR YOU,

so why not ask a professor to work for them? Research projects, being a TA, all an email away.

## INFORMATION IS KEY

That means your resume should be up-to-date with all relevant information and you know what the job entails

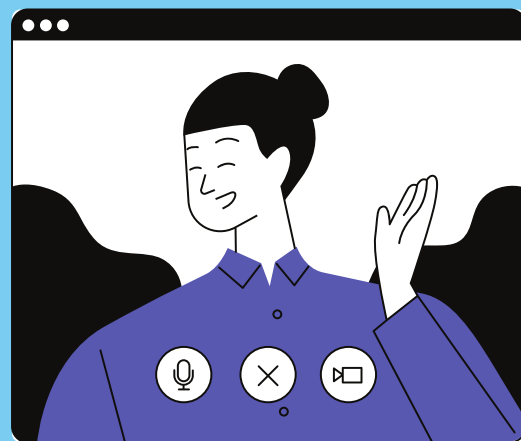

## SO IS COMMUNICATION

Have you responded to everything you need to respond to? Do you know when your interview will be if you have one? Have you asked all the questions you want to ask?

## INTERVIEW: (DON'T) PANIC

You've prepared so much for this moment, you should be proud of how far you've come! Not everyone gets an interview, so it's your time to be proud of that and let it come out as confidence in the interview.

## WAIT FOR IT...

Patience is so important during this whole process. Sometimes it feels like you're waiting forever, but really, give it some time. Give it a week after the interview before reaching out. Somethings are just worth waiting for.
